After attending this conference participants will be better able to:

- Verbalize understanding of the impact of early sensory motor experience on later feeding and nutritional outcomes.
- Explain the hands on clinical practices for orally feeding infants proper nutrition in the NICU.
- Identify the benefits of the infant-driven feeding versus traditional and cue based feeding practices.
- Describe how to implement the practice of infant-driven feeding in the NICU.

This program has been designed for Labor & Delivery Nurses, Mother/Baby Nurses, Neonatal/Nursery Nurse, NNPs, Nurse Directors, Nurse Managers, Lactation Consultants, Pediatric Nurses, RDs, PNPs, Occupational Therapists and Speech Language Pathologists.

TUITION: $40.00
